LOW RISK PREGNANT MARE

Lot No

C.E.M. CERTIFICATE

This certificate must be submitted online before arrival of the Lot at Park Paddocks or at the duplicate or outside standing.

The Vendor or his/her Agent is solely responsible for the accuracy of this Certificate.

To be completed by the Vendor or his/her Agent:

This mare is **NOT** a high risk mare: Signed

To be completed by a Veterinary Surgeon and dated WITHIN 30 DAYS OF THE SALE (i.e. from October 31st onwards):

Swabs must be submitted to a Laboratory approved by the Horserace Betting Levy Board (HBLB) in the United Kingdom or to National Approved Laboratories in France, Germany, Ireland or Italy.

On the (Date) a swab was obtained from the **CLITORIS (FOSSA AND SINUSES)** of the mare (Name) and submitted for bacteriological examination for C.E.M. at the Laboratory and cultured under both aerobic and microaerophilic conditions or tested by PCR. The results were negative. Neither *Klebsiella pneumoniae* nor *Pseudomonas aeruginosa* were isolated.

Signed M.R.C.V.S.
